Action/Decision Trip Going out of Country

It was the consensus of the Kelsey School Division Board of Trustees that international travel would not be supported but national travel may be considered once details are available.

Wadelius Drive Update

The Winnipeg civil engineer has been to KSD to gather data on the drainage problem and a report on solution possibilities is expected.

Carbon Tax Rebate

KSD has forwarded several projects for consideration by the federal officials to ensure it receives about \$80,000 as its share of the carbon tax rebate. These would be applied to energy savings and renovation projects at our schools.

If you have any questions about the highlights or other business of the Division, call one of the trustees or the Division office. The numbers are posted for your convenience.
