Board Committees

KSD board committees have been established and have begun their regular meetings.

Zoom Zoom

Regular zoom meetings of KSD senior administration, their provincial colleagues and government Education and Health officials continue to be held on Covid-19 issues.

Superintendent Report

Superintendent Mell reported to the board that re-opening plans have gone well, and that school administrations and staff have worked hard to ensure all mandates and guidelines are followed according to the Manitoba Education directives. Schools were well organized to meet students on opening day with entry processes, signage, mask wearing, social distancing, etc. Students and parents were to be complemented for their compliance.

Safety plans are in place to train students in general awareness of the safety measures now required. Training sessions have also been conducted for substitute teachers and support staff on the new school needs on Covid-19. School specific requirements are on the various school websites.

Busing

The KSD is thankful for the many parents of bus students who agreed to bring their children to school, thus allowing cohort plans and social distancing now required on school buses to be possible. Unfortunately four buses were vandalized which prevented them from being used one day, but the hard work of division garage personnel and drivers resulted in these buses being brought back to service quickly.

Education Liaison Committee

The mandate of this board committee includes meeting with each school administration to hear first hand any issues or successes of that school. A schedule for these liaison meetings is being drawn up for the year. In addition, the committee meets once a year with student representatives from MBCI and SBMS.

If you have any questions about the highlights or other business of the Division, call one of the trustees or the Division office. The numbers are posted for your convenience.
