

STATEMENT FROM THE BOARD OF TRUSTEES

On March 15, 2021 the Manitoba Government released the long-awaited Kindergarten to Grade 12 Education Review and Bill 64 “The Education Modernization Act”. Bill 64 proposes sweeping changes to the current governance of education and alignment of school divisions.

Frontier School Division believes that the majority of the proposed changes outlined in Bill 64 are not in the best interest of our students, staff, communities and Education Partners. Therefore the Board of Trustees opposes Bill 64 and is working tirelessly towards ensuring that Frontier School Division remains an independent division.
