Dear Students, Staff, Parents/Guardians:

### **OVERNIGHT TRAVEL**

The Kelsey School Division has made the difficult decision to pause overnight travel. The priority has to be the health and safety of our students, staff and community. All northern school divisions have come to the same decision, and understand the impact this decision has on students, and their ability to participate in zone and provincial events.

Initially the school divisions were told that if their decision was to pause travel, zones and provincials would also be paused. Yet prior to receiving the decisions from all school divisions, MHSAA announced the dates for zones and provincials and set a deadline for registration. It is indeed unfortunate that MHSAA did not consider the northern school divisions in their planning. Northern divisions will be meeting with MHSAA officials soon. The Kelsey School Division is going to review this in the new year, sooner if something changes.

### **STREAMING OF EVENTS**

We acknowledge that families want to watch their children in school activities and/or sports. We continue to seek a solution that meets our legal requirement to maintain student privacy. In order to stream events, we must have a secure portal where parents wishing to watch could log in. We currently don't have this ability but continue to seek a solution.

We appreciate your patience and understanding.

Sincerely,

Vaughn Wadelius, Chair  
Kelsey School Division Trustee
