

ANNOUNCEMENT

KSD Director of Transportation & Maintenance Appointed

The Board of Trustees of Kelsey School Division is pleased to announce the appointment of Rick Rousson as its Director of Maintenance and Transportation. Rousson succeeds Greg Shepherd who is retiring after thirteen years in this position. Rousson will assume the Director role after a transition period in April.

A longtime resident of The Pas, Rousson has thirty years of mechanical experience, the last twenty years as the shop foreman and mechanic in the KSD garage. Earlier in his career he has worked as a mechanic for the Province of Manitoba, and Pitre Tire and Auto. He was also a member of The Pas Fire Department for fourteen years.

A graduate of Margaret Barbour Collegiate Institute in 1988, he then completed Journeyman Mechanic and Master Automobile Technician certification at Red River Community College, followed by Heavy Duty Mechanic qualifications at Assiniboine Community College.

“Rick has filled in to do the Director responsibilities on various occasions,” stated Board Chair Vaughn Wadelius, “and we are pleased he made the decision to move into this position full time.”

Rousson’s son Cooper attends Scott Bateman Middle School and his wife Holly works with the Northern Regional Health Authority. Rick enjoys outdoor activities with family and friends.
