

Smaller Class Sizes Reporting Template

Notes:

Average Class Size: For each grade level, include both regular and blended classes in calculating the average class size. Blended classes should be calculated in the average for their lowest grade. For example, for Grade 1, if you have 1 regular class and 1 blended class (mix of Grade 1 and Grade 2 students), include both as Grade 1 classes while calculating the average. Do not include the Grade 2 students in that blended class again while calculating the average class size for Grade 2 (no double counting).

Kelsey School Division	Average Class Size									Remarks on how larger classes are supported (average class size above 20 for K-3 and 25 for grades 4-8)
Schools under the division	Kindergarten	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8	
Kelsey Community school	18	17	21	20	21	21				We do not meet the threshold for being required to remark on extra supports however being larger sized rooms in the school we thought it was important to share support plan. <u>For additional support grade 4 has the following:</u> -extra math teacher every day for 1 hour -extra ELA teacher 30 minutes every day -1 full time EA -EA 25% of the time, allocated to <u>additional support grade 5:</u> -extra teacher for math every day for 1 hour -extra ELA teacher for 1.25 hours every day -extra reading support teacher 30 minutes a day -extra reading support teacher 30 minutes a day, 3 times in the 6 day cycle -EA in grade 5, 80% of the time -EA in grade 5 for half the day, every second day
Ecole Opasquia School	16	19	16	17	22	18				-We do not meet the threshold for being required to remark on extra supports however being larger sized rooms in the school
Ecole Scott Bateman Middle School							19	15	20
